

Contura

Stoves for fireplaces

It is quite simply, quality of life.

Energy labelling

The European Union's Energy Labelling Directive establishes a framework to reduce adverse environmental impacts of energy-related products and helps you choose the most energy-efficient products. Woodburners in the A energy efficiency category offer high efficiency and thus low running costs.

This is what Contura means by comfort with a clear conscience, both today and in the future.

Quality, quality of life and comfort

Superior quality is a hallmark of Contura throughout its entire life, from production of a stove to its installation — and all the years it fills your home with light and heat. At Contura, we're proud of our tradition of innovative design and technology. The soul that we incorporate into all of our stoves stands for quality, assurance and home comfort.

- CO value: 0,1 %
- Height: 590 mm
- Width: 490 mm
- Depth: 350 mm
- Max. log length: 25 cm
- Energy classification: 

Contura i5L

Clean lines and large glass areas

Contura i5 with panorama door gives the fire a lot of space. The largest possible glass surfaces enable the fire to be seen clearly. The clean lines blend into your home.

Contura i5L has additional cast iron legs for positioning in a fireplace recess. A two chamber damper means that the cassette burns cleanly and the glass is kept soot-free.

Features

- Swedish design
- Heats for a long, long time
- Large glass front
- Heats up to approx 120m²

Select Options

- Available in Black and Grey
- Panorama or double door
- Outside air connection

- Width: 775 mm
- Height: 585 mm
- Depth: 360 mm
- Max. log length: 50 cm
- Energy classification: 

Contura 51L

Cast iron for ever and a day

Who doesn't love cast iron? The easily formed, tough and beautiful material has been used for so many appliances through our history. Things that should be really stable, strong and heavy are made of cast iron – manhole covers and Grandma's frying pan, for example. This is the tradition behind Contura's tough and modern cast iron stoves.

Features

- Swedish design
- Versatile, small and robust
- Heats for a long, long time
- Heats up to approx 120m²

Select Options

- Hotplate
- Extra handle matt chrome or black
- Floor protector in black sheet metal
- Outside air connection

Specifications

- Output: 5 kW
- Efficiency: 81 %
- CO value: 0,1 %
- Height: 630 mm
- Width: 495 mm
- Depth: 420 mm
- Max. log length: 35 cm
- Energy classification: 

Contura 810L Classic

A large stove in compact form

Contura 800 has taken its inspiration from the famous superellipse. The shape makes this stove compact and attractive, it is only 36 cm deep and 46 cm wide making it very easy to position, even in small spaces.

The Contura 810L is available in grey and black with a generous glass area in the door. The chimney can be connected to the top or rear of the stove.

Features

- Swedish design
- Cast iron front
- Versatile, small and robust
- Heats for a long, long time.
- Shows a lot of light
- Heats up to approx 90m²

Select Options

- Floor protector in black sheet metal
- Outside air connection

Specifications

- Output: 5 kW
- Efficiency: 82 %
- Height: 715 mm
- Width: 460 mm
- Depth: 360 mm
- Max. log length: 33 cm
- Energy classification: 

Completely Swedish.

The design and development of Contura stoves takes place in Sweden, as does the assembly of all stove parts. The products are quality controlled before leaving the factory in Markaryd. This gives us full control over the quality in all stages of production. We take care to ensure that Contura products are suitable for the modern home and conditions. We are proud to mark our products Made in Sweden!

A Smålander that heats Europe

Contura stoves are made by NIBE in Markaryd, in Småland. Conserving resources has always been a matter of course in Småland and that is why our manufacturing is modern, lean and efficient. Quality permeates every level of production in our factory, which is the largest and most modern facility for the manufacture of stoves in Europe. Our products are sold throughout Europe and are appreciated for their timeless design, efficiency and high quality.
