ECLIPSE

ELECTRIC FIRES

A new light on luxury living

The Onyx Eclipse Electric combines Authentic Flame Technology, versatile flame effects and ultra-realistic IlluminOak glowing logs to create an exceptionally realistic fire experience. The result is a mesmerising display that transcends the boundaries of electric fire technology, transforming your living space into a sanctuary of warmth and ambience, with the added benefit of zero direct emission, on-demand heating.

- Chromalight® Plus fuel bed lighting with eight colours and spectrum mode
- Adjustable downlighting in Amber or White
- Programmable thermostatic heating up to 2kW*
- Touch panel, remote control and app
- Ecodesign energy-saving features
- 5 Year Extended Warranty

*1.5kW for Eclipse 40R models

Eclipse 75R Electric with 3 Sided Frame

The Eclipse effect

Create a fireside atmosphere that suits your home, from the familiar look of a woodburning fire to a more contemporary setting.

View the Video
[onyxfires.com/
electricclipse](https://onyxfires.com/electricclipse)

Authentic Flame Technology

With its LCD visuals, choose from 16 flame effects, each offering a unique viewing experience. Enjoy real woodburner-inspired flames with sparks and fireside drama, or more classic and contemporary settings.

IlluminOak log technology

The realistic Split Oak logs are illuminated from within, creating a soft, gently pulsing glow. IlluminOak brings depth and firelit character to the log-effect.

ILLUMIN OAK

Chromalight® Plus

Bring the fuel bed to life with eight up-lighting colours or spectrum mode. Adjustable downlighting adds a subtle glow to the logs in Amber or White, or can be switched off to show their detail.

chromalight
plus

Designed for living

Set the mood with nine MyFlame presets, each bringing together flame and lighting effects for instant atmosphere. Three of the settings can be customised and saved from the app for easy access.

An optional Mood Lighting System can extend the glow around a TV or along shelves. Choose from 13 colours or spectrum mode.

Comfort, when you want it

The Eclipse's thermostatic heater function allows you to simply set your desired room temperature and have the Eclipse maintain it in the most efficient way possible. Enjoy the flame effects without heat, or select fan-only mode for gentle air circulation.

With zero direct emissions and Ecodesign energy-saving features, the Eclipse offers a considered way to add warmth and ambience to your home.

*Eclipse 65HLR Electric,
with integrated bottom trim removed*

Engineered for a considered fit

The Eclipse 65R, 65HLR and 75R feature a tapered firebox designed to slot into a prepared chamber or a bespoke wall.

The Eclipse 40R is proportioned to fit a standard 16-inch fireplace opening.

An integrated frame gives a neat finish in three or four-sided configurations. Remove the lower trim for a hearth-mounted installation.

Find your Eclipse

Four sizes make it easier to find the right proportions for your fireplace or media wall.

Eclipse 40R

Product Code: 228-358

A compact model designed for a standard 16-inch fireplace opening.

Dimensions (W x H)*

4-Sided Frame: 440 x 593mm

3-Sided Frame: 440 x 568mm

Eclipse 65R

Product Code: 228-364

A landscape fire for a distinctive living-room focal point.

Dimensions (W x H)*

4-Sided Frame: 687 x 478mm

3-Sided Frame: 687 x 453mm

Eclipse 65HLR

Product Code: 228-370

A taller, square format with an expansive viewing window.

Dimensions (W x H)*

4-Sided Frame: 687 x 646mm

3-Sided Frame: 687 x 621mm

Eclipse 75R

Product Code: 228-381

The largest model in the range, designed to make a statement in a spacious interior.

Dimensions (W x H)*

4-Sided Frame: 789 x 554mm

3-Sided Frame: 789 x 529mm

3-Sided Frame

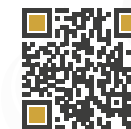

4-Sided Frame

Integrated Framing Options

The Eclipse's gloss black integrated frame gives a sleek, crisp finish while concealing imperfections around the opening. Use it as a 4-sided frame or remove the bottom trim for a 3-sided fit.

*Dimensions given are those overall visible upon installation. For more detailed technical information, please see page 12.

Complete Control

Watch the Eclipse
Electric Video

onyxfires.com/electriceclipse

Choose how you want to adjust the Eclipse: on the fire, from the sofa or through the app.

Touch Panel

The discreet panel illuminates when touched, giving you direct access to the fire's settings.

Remote Control

Adjust flame, IlluminOak log lighting, fuel bed lighting and heat from your seat.

App

Use the app on an iOS or Android device to adjust visual effects, set a room temperature and manage daily and weekly schedules.

Settings to suit your routine

Choose from 16 flame effects, nine MyFlame presets and five brightness levels.

Adjust the IlluminOak log lighting across eight colours or spectrum mode.

From the app, set daily and weekly schedules for the flames and heat.

Adaptive Start can switch the fire on ahead of schedule so the room reaches your chosen temperature in time.

The thermostat maintains a selected temperature of up to 35°C. Open Window Detection senses a rapid drop in room temperature and switches off the heater to conserve energy.

Experience the Exceptional

When you choose Onyx, you are choosing more than just a fire or stove. You are choosing the pinnacle of British innovation and quality. You are choosing prestige.

As part of the Stovax Heating Group, Onyx is the culmination of over 40 years of experience designing and crafting best-in-class flame effect fires. Every fire and stove is born in our state-of-the-art research and development laboratories, and incorporates industry leading technology and design.

Offering a renowned and varied product range, the Stovax Heating Group's portfolio includes everything from the traditional to the ultra-contemporary in a wide array of styles and sizes. Full details of the Stovax Group's range of products can be found at: stovax.com.

The Stovax Heating Group is an ISO9001 and ISO14001 accredited company. Our rigorous quality control system ensures that all our appliances are safety checked and that they comply with the appropriate regulations, with all fires in this

brochure bearing the CE and UKCA mark. Similarly, our environmental management systems ensure we work in a sustainable manner, whilst endeavouring to protect the environment by minimising any possible impact from our operations.

We are proud to be part of the award-winning Stovax Heating Group, recognised for our high-quality products and innovative technology. Find out more at onyxfires.com/awards.

Expert Retailer Network

We take great care to ensure that our fires are designed, tested and manufactured to the highest possible quality and safety standards. We are just as determined to make sure they are sold and installed correctly so that you will enjoy years of pleasure from your purchase.

Accordingly, you will find our Eclipse range is exclusively available from our experienced, independent retailers' showrooms. They will be happy to show you a selection of models in your local showroom and answer any questions

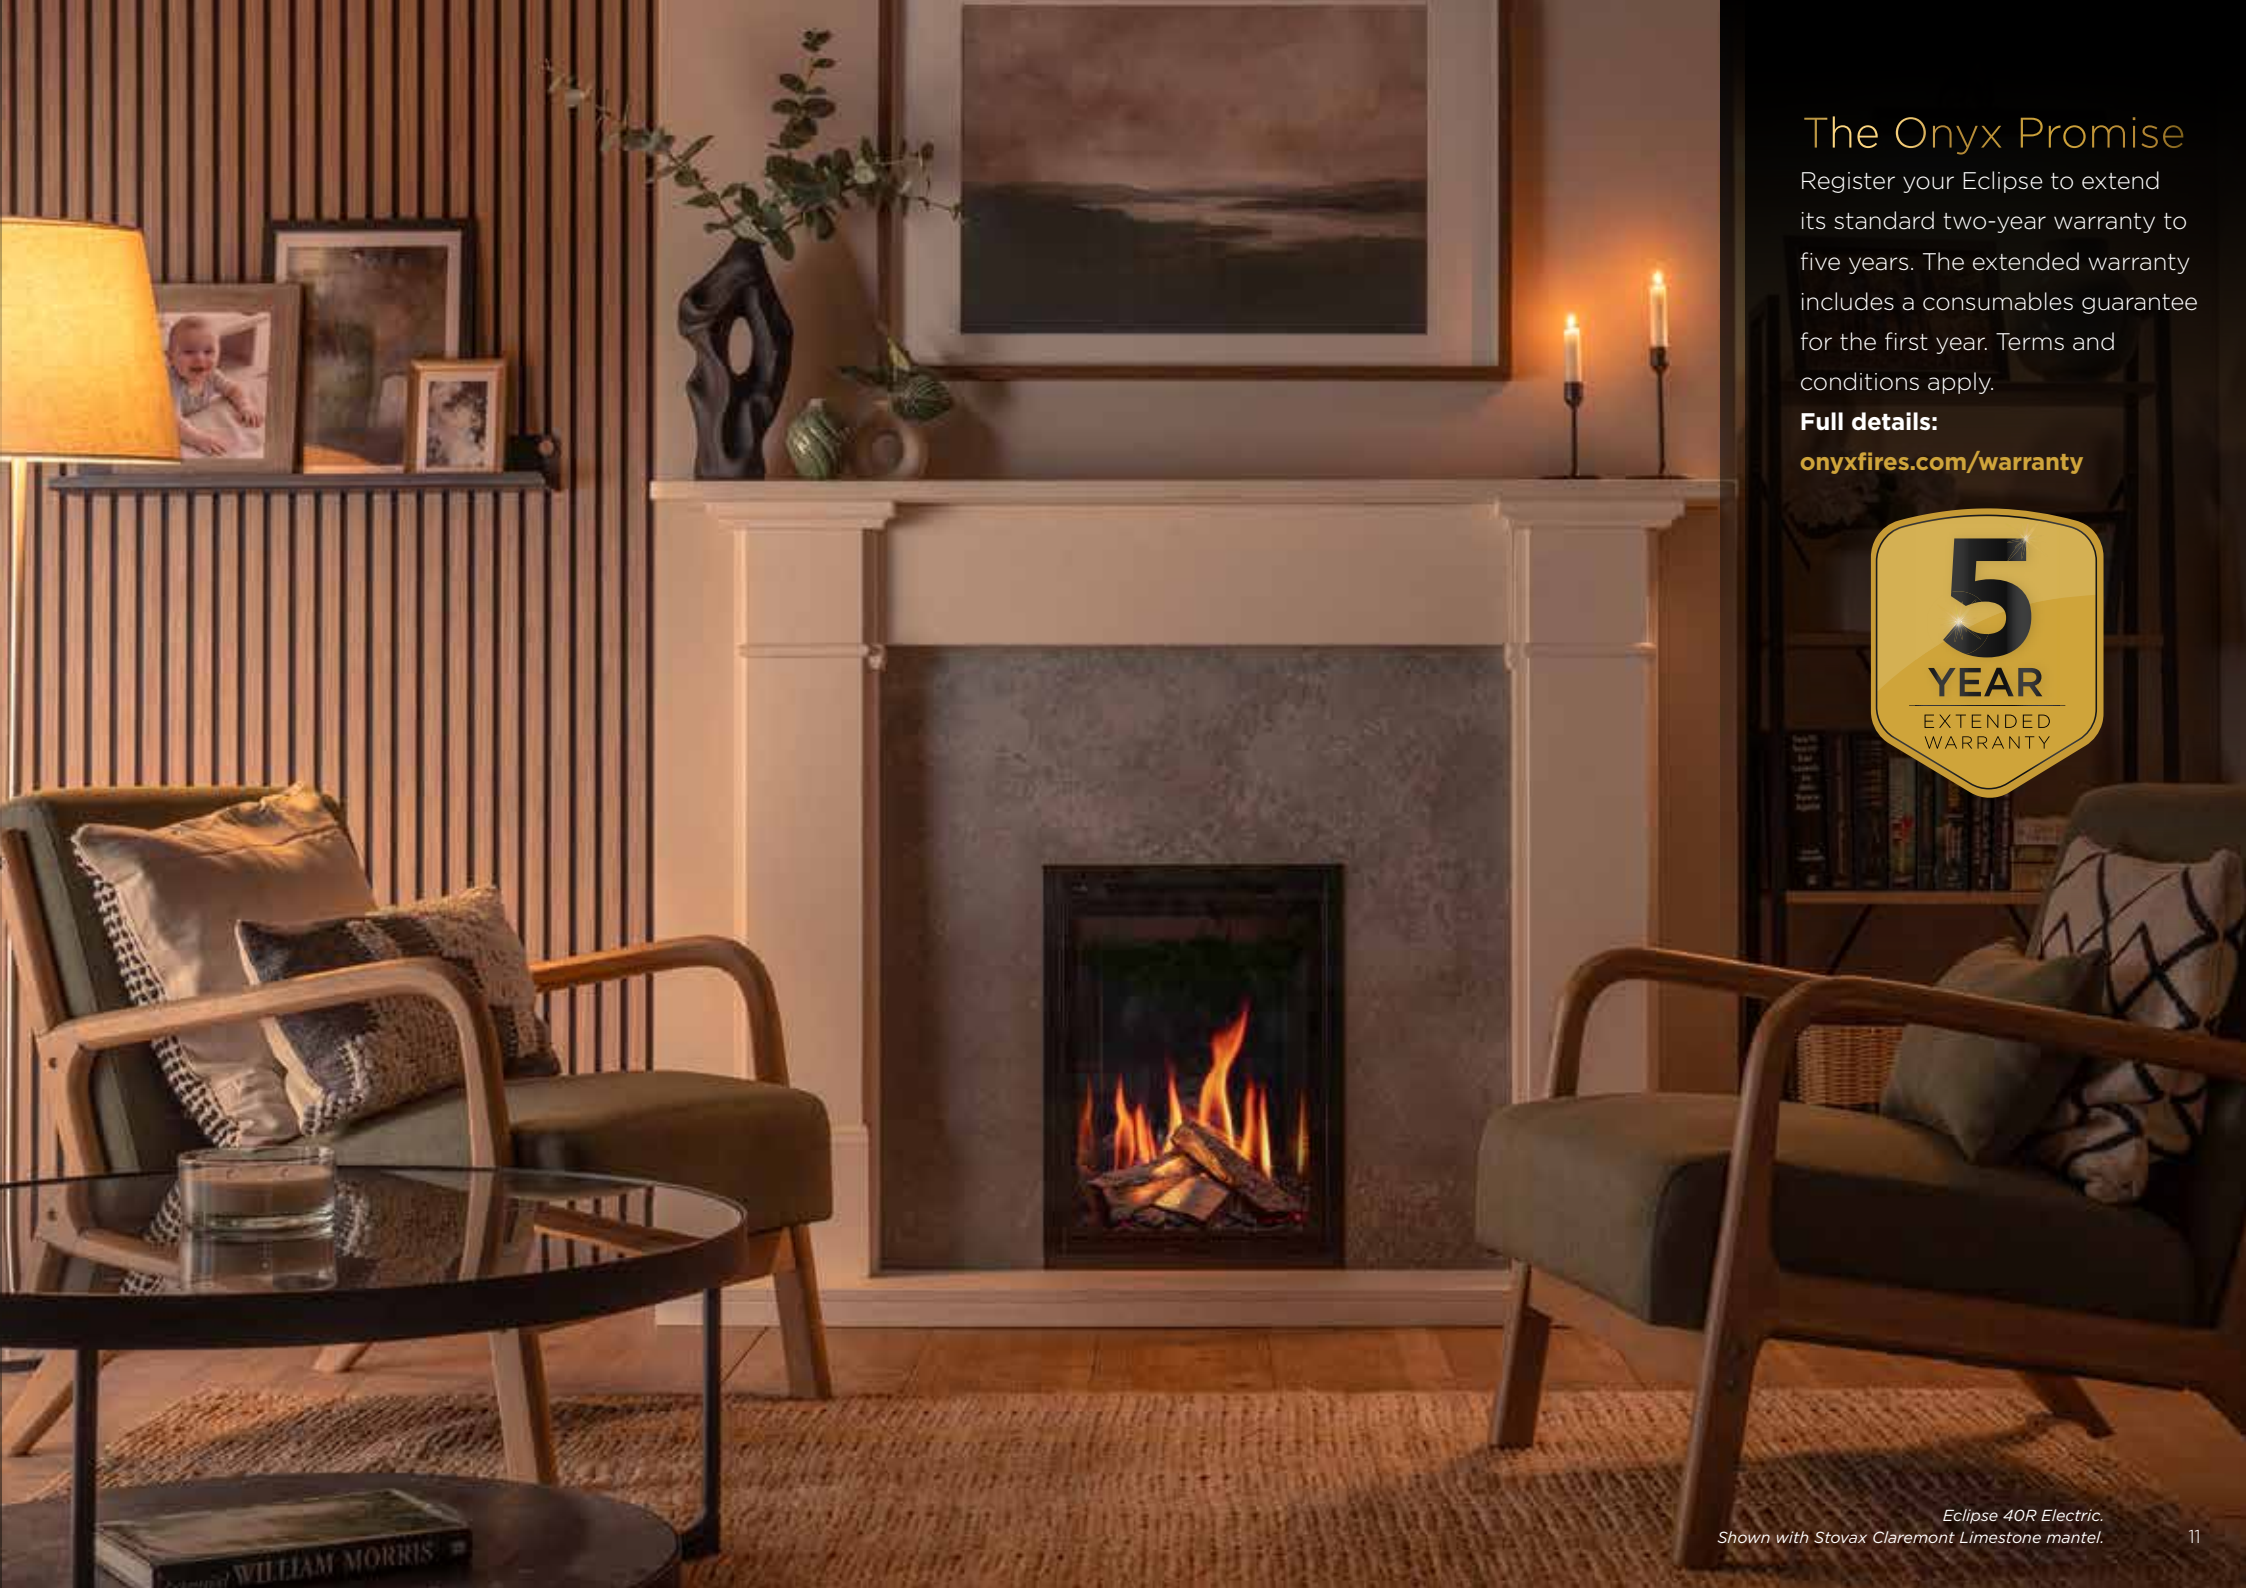

you might have. These independent retailers will discuss your individual requirements covering both technical issues and design, to ensure that you select the most appropriate product for your home. They will also be able to advise on, or assist with, the installation process as well as help provide any after-sales support and servicing your appliance may require in the future.

Whilst we encourage our retailers to promote fireplace products and their outlets via the internet, we do not believe suitable levels of customer care and satisfaction can be obtained from purchasing the product only online. We would strongly recommend that you consider this when undertaking your research and making a purchasing decision. Please be aware that we do not offer technical support (beyond our statutory responsibilities) to products bought via nationwide online sales, where this support would normally be offered by one of our qualified, independent retailers.

In addition, Onyx fires purchased from within our Expert Retailer Network will have the additional benefit of an extended warranty period, subject to terms and conditions. Full details can be found at: onyxfires.com.

Eclipse 65R Electric

The Onyx Promise

Register your Eclipse to extend its standard two-year warranty to five years. The extended warranty includes a consumables guarantee for the first year. Terms and conditions apply.

Eclipse 40R Electric. Vermiculite flame setting shown is available exclusively for 40R models.

Also available from Onyx

onyx

The Onyx collection includes both cutting-edge electric fires and the high-performance Eclipse 60HL gas fire. Powered by advanced ImmersiFlame Triple Burner Architecture, the gas version of the Eclipse combines impressive heating efficiency with breathtaking flame realism, featuring dynamic flames, glowing ember effects, and beautifully crafted logs to create a truly immersive fireside experience.

The electric range showcases standout models such as the Avita, Fusion and Orbit. The Fusion pairs luxury styling with Authentic Flame Technology for crystal-clear flame visuals and customisable mood settings, while the striking ceiling-hung Orbit offers panoramic flame views, realistic oak log effects, and rotation up to 340°.
